2013 Annual Report

Fr. Michael G. Ryan,
Chair of the Board

Anthony Holter,
Executive Director

“The future of Catholic school education depends on the entire Catholic community embracing wholeheartedly the concept of stewardship of time, talent, and treasure, and translating stewardship into concrete action.”

United States Conference of Catholic Bishops (2005)

The Fulcrum Foundation has been privileged to work for more than a decade with school and parish communities, parents, archdiocesan offices and ministries, businesses, universities, and generous donors like you, who have tirelessly given their time, talent, and treasure in support of Catholic education in the Archdiocese of Seattle. This partnership has epitomized stewardship in action — action that has resulted in thousands of children gaining access to an excellent Catholic education.

This annual report describes the powerful impact of your stewardship on Catholic schools and the children they serve so well. While our Catholic schools have a special mission to reach out to children from poor and disadvantaged communities, your generosity has supported a commitment to excellence in Catholic schools that has benefitted all students, and has enriched our Church and civic community in countless ways.

Thank you for your commitment and continued partnership in the great mission of Catholic education. Your stewardship in action gives us hope that Catholic schools in western Washington will continue to provide an excellent education to our children for generations to come.

Gratefully,

Fr. Michael G. Ryan and Anthony Holter

“My goal is to go to college and get into a good career. I would like to get out of public housing, where my mother and I have lived since I was an infant. I study hard, maintaining a 3.8 GPA. I am very grateful for the support of Fulcrum’s generous donors, which provides me with the opportunity to better my life.”

- A sophomore at Bishop Blanchet High School and Fulcrum tuition grant recipient

One question drives our mission: How can we ensure that an excellent Catholic education is accessible to all children who seek it?

The Fulcrum Foundation is committed to Catholic school education because it is at the heart of the teaching ministry of the Church, and it has proven to form children for success in school and throughout their lives. Our support of Catholic education began with core programs that provided tuition assistance to families and financial support to schools. These programs remain at the center of our mission and are the bedrock on which we have built new and exciting initiatives to further strengthen Catholic schools. Ensuring children have access to an excellent Catholic education will require new partnerships and renewed collaboration with key Catholic school stakeholders to:

- 1** Leverage individual donor and foundation support to increase the **ACCESSIBILITY** of Catholic schools for children and families from economically disadvantaged and marginalized communities
- 2** Collaborate with school patrons, education experts and other non-profit organizations to develop and support innovative education models for long-term **VIABILITY**
- 3** Coordinate with the Archdiocese of Seattle Office for Catholic Schools to develop long-range strategies that ensure the strength, vitality and **EXCELLENCE** of our schools for generations to come

ACCESSIBILITY

Fulcrum distributed nearly \$2.1 million for families facing severe economic hardship. Access to a Catholic school education provides stability, hope and knowledge to transform their children's future into a world of promise.

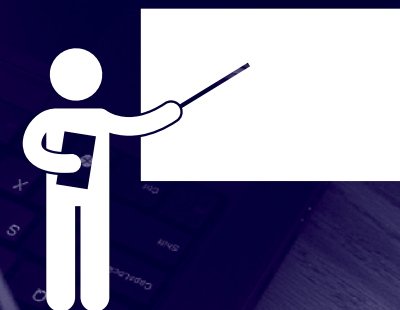

VIABILITY

In addition to distributing more than \$1.3 million to Catholic schools, we create dynamic partnerships by matching benefactors with schools, where they can see their gifts at work.

EXCELLENCE

High quality, school-based leadership is critical to the overall excellence of our Catholic schools. Fulcrum proudly supports the development of current and future Catholic school leaders through innovative curricular initiatives and continuing education — a commitment that will pay dividends for years to come.

We have answered more requests for tuition assistance than ever before, but the need remains high.

Fulcrum has awarded more than 12,000 tuition assistance grants since its founding in 2002, but currently we can only meet 34 percent of requests from families. Filling our school classrooms with a richly diverse student body lifts up not only individuals but entire school communities.

"I will be the first woman in my whole family to graduate from college. I am so excited to make the most out of my education and to help change the world."

- A senior at Holy Names Academy and Fulcrum tuition grant recipient

*SOURCE: TO NURTURE THE SOUL OF A NATION, UNIVERSITY OF NOTRE DAME, 2009

In the 2012-13 school year, every high school senior who received tuition assistance from the Fulcrum Foundation graduated.

And every one of them is moving on to postsecondary education.

“The opportunity Fulcrum’s donors are giving me will directly influence my future and sculpt me into the person I hope to be.”

- A junior at Kennedy Catholic High School and Fulcrum tuition grant recipient

Your active engagement is essential to the success of Fulcrum's mission and to the strength and vitality of our Catholic schools.

The many partnerships we have worked hard to develop and nurture over the past decade are the engine that drives all that we do. The impact of these partnerships is undeniable. Together:

- We've built an endowment valued at \$25 million and growing
- We've exceeded the \$1 million mark annually at the Celebration of Light
- We've awarded more than 12,000 tuition assistance grants since 2002
- We've helped to prevent any Catholic school closures in the Archdiocese of Seattle since the founding of Fulcrum
- We've made a promise that Catholic schools will be excellent and accessible

And this list goes on. Whether it's a business leader using a pen to underwrite one of our largest events of the year, or a member of Amici using a paintbrush to help improve a school classroom, our partners make a real and lasting difference.

"I promise to work hard in my life to help others just as you have helped me. I work very hard to help my family and get good grades. You can count on me to do a good job."

- A freshman at Bellarmine Preparatory School and Fulcrum tuition grant recipient

The Fulcrum Foundation serves as the umbrella organization for individual school endowments. By combining resources under the Fulcrum Foundation, local schools benefit from the advice and services of Fulcrum's fund manager and enjoy a reduced fund manager's fee, while retaining discretion to invest their portfolios according to recommended options.

We are grateful to have received the generous support of more than 1,200 donors this year. With this report, we gratefully acknowledge those who have supported our mission over time and those who made gifts this fiscal year. This report includes employers who provide gifts through workplace giving and matching gifts. The collective generosity of our donors is gratifying and inspiring.

Legacy Society Members

Many of the Fulcrum Foundation's benefactors have made a significant future gift by including the Foundation in their will or estate plans. Planned gifts provide a pipeline of support that augments outright gifts and results in a future stream of funding for our schools. We are deeply grateful to the members of the Legacy Society. Also to be commended is our Legacy Advisory Council for their support in helping us steward planned gifts.

Business Alliance

Fulcrum's business partners help schools balance their budgets by offering discounts on products and services, providing in-kind donations, or underwriting specific costs of education such as text books, technology and capital projects. Partners have also underwritten our annual *Celebration of Light* fundraiser.
